HASH HISTORY – RUN #1559 – CO-COs 07-07-07 Airliner Run

CO-CO started his run at Mendota Park on the northish shore of Lake Mendota. It was hot but there was still a big crowd of 25 or so. MOREMEN helped get things started by serving margaritas before the start. The trail led across Highway M and went immediately into the Pheasant Branch Conservancy toward the water tower. ROAD BEATER and DIEGO anticipated this, but got lost on their way there and eventually got the JFL award. The pack followed the bike trail until diverting away from the Conservancy into the developing neighborhoods. The remainder of the trail was on winding streets until the pack found a beer check. Shortly after this, PIP and NUT FARMER got lost on trail when they stopped to talk to a guy who hashed in Japan. They headed off in the direction of what sounded like a beer check, but it was just the noise of kids fighting over a basketball. The trail arched to the east and down a dead end gravel road for a second alcohol check before heading back to the cars at the park. The On-On was at BABY BALLS' new plane hangar at the Waunakee International Airport. BABY is building his own plane and there were carefully shaped parts under construction. There was some good Cajun food prepared by CO-CO and plenty of beer for the festivities. The hares were CO-CO, BABY BALLS, POUND 69 and READY. FRBs were CUM KITTY KITTY, COWPOKER and HIMALAYME while SCBs were MEAN HO, STROKES, 3 BANGHER and TRAILER who got caught by one HO drinks all HOs drink. The JFL went to DIEGO, ROADBEATER, PIP and NUTFARMER for obvious reasons. The Whiner went to EGGBEATER, WET WILLY, MS'D ERECTION and UNDERTOKER who got COWPOKER with the one OKER drinks all OKERs drink and ROADBEATER for all BEATERS drink. New Boots were Just Kevin who knocked over a beer but was made cum by MOREMEN, and Just Tabitha who claimed she has "totally been here before." Seldon Seens were A MEAN HO, MS'D ERECTION, GENERAL ADMISSION, TRAILER HO and HEAVE HO. At this point everyone heard the desperate crash of a beer bottle hitting the hard concrete floor and breaking... but ceremonies continued. DFLs were SHOW ME, Just Tabitha, CUM KITTY KITTY, HEAVE HO and GENERAL ADMISSION while wretched excess went to WHITE CLIFFS and HEAVY PETTING. The RD look-alikes were ABR, DRIBS, JELLY, ZAMBONER with MS'D ERECTION filling in on the interpretive dance. The Best Airline Costume went to WHITE CLIFFS for her hickyified neck and overall disheveled look as a member of the mile high club, CO-CO and POUND 69 for their kids pilot hats and ties, and KRACKASHOWA for a fine looking stewardess outfit with a genuine Nicaraguan Rebel pin. They were treated to the sweetheart song. There was a birthday song for MOREMEN and an attempted renaming based upon a photo she has of her dog crawling between her legs... COWPOKER attempted a re-enactment but was denied and the renaming failed due to lack of attention. Finally, the "Should-a known better than to come back" for BUSTED RUBBER and Just Kelly. Just Kelly projected a great slide show of hash photos he's taken on the side of the hangar throughout the evening. Hope you all had a good flight...

HASH HISTORY – RUN #1560 – The HALF CRACKED Birthday Run – Reported by BEER NUTS

You would think that for such an important event as a 40th birthday run, that hare HALF CRACKED and STIFFY would be spending the morning buying supplies, preparing food, scouting out the run or laying trail. But you would be wrong. Instead they decided to go for a 40 mile bike ride up in Pardeeville. Afterwards, they hung out at a bar drinking and eating. Sometime around 3 PM or so, they decided it was time to be getting back to Madison. Upon getting home, they discovered that they did not have any flour. Luckily they found a partial bag of corn meal in the cupboard. And even though Half Cracked was adamant about this hash not having any theme and she barely had time to toss a few splashes of corn meal in the general location of the trail, she did have time to get dressed up like a princess, including wearing a matching tiara. Not surprising then on the run that the hare looked at her own trail and muttered "I'm not sure what I had in mind here". A group led by LORENA CARROT and WET WILLIE tried to short cut around a building and not only had to wade through a stream but had to scale a 45 degree incline. Smart. At the Beer Check, in addition to the beer, there was Vodka lemonade. Then it was more or less back to the cars and out to Stiffy's condo. Dinner was build your own burritos which the three dainty chicks from Cairo determined could be eaten only by shoving it into your mouth fast before anything fell out. Out on the deck, BABY BALLS got a lap dance from his dog. Perhaps because of the Vodka lemonade, it turned into "True Confessions" night as ABR admitted that he likes vegetarian pizza, EGGBEATER professed a fondness for musicals, MONKEY BOY shared that in the privacy of his own home he likes to dress up in 3 piece suit, and 3 BANGHER said she really, really, really likes Vodka Lemonade. Then HC opened some presents including a personal vibrator/personal massager that had Stiffy mystified as to the How and the Why (but he seemed to know the Who and the Where). TRAILER TRASH won the Princess and the Pee contest. There was a rare appearance by ULTRA SMUT who very much wanted to be at this special event but was shocked to discover that he had confused Half Cracked with someone else. With BEER NUTS leading ceremonies, SAMORI SEX and PUPPY POKER sensed disaster and slipped out the door. CLITAGATOR was assigned the task of selecting who would be in the Ball Song. She made sure she picked Half Cracked. Who?

Half Cracked! Half Cracked! So HC was in all three parts of the song. 2 friends of Stiffy showed up at the condo, but no one really wrote anything down (vodka lemonade?), so let's call him JUST BLUTO and her JUST BUBBLES. STROKES did the Little Sexpot Song and had way too much fun. POOPEYE, PIP and others insisted on sitting behind the ceremonies and sang faster than the crowd in front of ceremonies so the rest of the songs sounded like the wordless/tuneless song. ZAMBONER got the hash shit and LIKES IT got the JFL shirt. And then the crowd started to disperse to the Fete de Marquette and zydeco music, to the Harley Davidson Party (old potbellied men in bandanas ogling young women in bikinis and bandanas) and the rest started to drift off into vodka lemonade induced nightmares. But just then, NUT FARMER showed up as ceremonies were concluding, so we began all over again. You would think that for such an important event as a 40th birthday run, that hare HALF CRACKED and STIFFY would be spending the morning buying supplies, preparing food, scouting out the run or laying trail...
