### HASH HISTORY – RUN #1535 – SLOW HAND's Déjà Vu Hash in the Brooklyn Wildlife Area (aka BWLA) - Reported by MILK BONEHER

About 20 hashers (NUTFARMER, ABR, PIP, STROKES, READY, LORENA CARROT, MAYORHOLIO, RD, HALF-CRACKED, STIFFY, BEER NUTS, WILL HO, MILK BONEHER, JERRY ASS TRICK, BEARABOBS, UPLOADER, UNDERTOKER, COLONEL MUSTARD, COW POKER, DIEGO FTGPS), four dogs and one New Boot, JUST PETER gathered at Brooklyn Wildlife Area for another SLOW HAND trail run. After avoiding the steaming dog #%\$@... (no, not dog vomit) in the parking lot, hashers and dogs alike set out on trail. The trail was actually marked by COLONEL MUSTARD'S canine, JUST KIRBY, as yellow spots in the snow were seen more frequently than any dollop of ash-colored flour. Speaking of ashes, the hashers soon came upon a smoldering fire and LORENA CARROT exclaimed, "Weenie Roast!" Several weenies (BEER NUTS, DRIBS, CORNHOLIO, and RD) gathered to warm their weenies before continuing on trail. Over the snow and through the woods to the first alcohol check where PEES IN PUBLIC shouted, "I love the Hot Sex!" with ABR nodding in agreement. However, much to our dismay, we did not have Hot Sex...but we did have a bottle of Lemonade Schnapps that looked a lot like dog piss and tasted like it, too (based on the look on NUTFARMER'S face as he was taking the first big swig!). On-On! Through the cold, the snow, the barbed-wire, the bushes, the snow, the snow, and more of the snow...along with the WHINERS, PIP and SOGGY DEPOSITS. It wasn't long before COLONEL MUSTARD and JERRY ASS TRICK came to the rescue with the BC. As all hashers were warming themselves up with ice

cold beer, SLOW HAND snouted, "Rides for a duck!" COLONEL MUSTARD's ears stood up (he must have learned this from JUST KIRBY), having thought he heard, "Rides for a fuck!" It must be noted that ICUF has been gone too long (again!). We also heard that LORENA CARROT had been in HALF-CRACKED'S pants since the beginning of the hash. Following the BC, hashers hurried along out onto the road where they were met by a Schwanz truck with a sign saying, "Now Hiring!" After seeing those weenies on trail, I doubt that any male hasher would be qualified to be a Schwanz man (well, SHOW ME would say that NUTFARMER is over-qualified for most positions!). After hearing CORNHOLIO's sauna story about how his dick once froze, we know he is under-qualified in the Schwanz department. The sauna was mighty toasty...and several toasts were made before UNDERTOKER, CORNHOLIO and MILK BONEHER raced outside to make snow angels. During ceremonies, JUST KIRBY was awarded hash shit for the steaming pile in the parking lot, and Ready's lab, JUST JORDAN was also said to have taken a shit on trail. Dribbles was also awarded hash shit for... (watermelon, watermelon!!). Short cutters were HALF CRACKED, STIFFY, COWPOKER and DIEGO; FRB's were BEARABOBS, UNDERTOKER and COWPOKER (one OKER drinks, all OKERS drink??). JFL's were BEER NUTS, RD and EGGBEATER. There were a large number of DFL's...could it be that they have hashed all available trail in BWLA and had cum only for the beer?...BONE AGAIN, BLOWN DRY, AH SHIT, MR. RHYTHM, and LEAVE IT TO CLEAVAGE (who, by the way, is a 36C, not a 38D!). SELDOM SEENS included, WHISKEY DICK, TIGHT END, LEAVE IT TO CLEAVAGE 36C and the pregnant DOESN'T CUM SHEEP (who has obviously had unprotected Hot Sex in the recent past).

### **HASH HISTORY- RUN # 1536 – FUZE's 50<sup>th</sup> Birthday Run – Reported by an Objective Source**

The weather was once again snowy for the 30 plus hashers who attended FUZE BLOWER's 50<sup>th</sup> Birthday Run that started at Glenn Allis School in Monona. The trail headed through local neighborhoods and soon came to a fine beercheck at a quaint (small) old bar on Cottage Grove Road. FUZE and WIRE once again explained away the short trail by recounting what has now become a tradition for this run, the story about how they were setting trail and they came across this bar and the next thing they knew it was time to start the hash. You know it's a good hash when the hares forget they're setting trail. The pack finished out the trail and all headed to the glorious party garage for beer and several great Nesco dishes. Both hash masters were suspiciously absent so DIEGO FEYGO led ceremonies until NUTFARMER arrived. Most of the usual suspects were honored including a few seldom seens, and new boot Just Brian who was made cum by his brother-in-law, POUND 69. Ceremonies drew to a close with the guests of honor, FUZE and CORNHOLIO doing their 50<sup>th</sup> birthday down-downs. NUTFARMER attempted to introduce another possible hash disclaimer with the very distinguished but sexy characteristic of being in Latin, "Carpe Diem Post Crastidum," which translated means, "Seize the day after tomorrow." He barely got out the the "Carpe" before the crowd overwhelmed him with their own version, "Carpe Dickum" which would seem to mean...? After a slight pause, the birthday multimedia entertainment began. FUZE and CORN were seated in the obligatory wheel chair seats up front, and the stage was set with the BIX poster on one side of the party garage stage, and a projection of naked hash runners on the BIX naked man bridge on the other side. MILK BONEHER and SHOWME extended a replica of the bridge and the Dancing Foreskins took the stage. Mayhem quickly took over when FUZE got up to dance with (assault) the dancers as the mock bridge collapsed to the tune of the electric slide's, "It's Electric!!!" In the end FUZE wound up wearing the mock bridge. As the birthday entertainment ended about half the crowd went for the hot tub, but they did not appear to break the record of 21. However, the water appeared to get mighty churned up when the Live Naked Party Girls showed up to entertain all the guys in hot tub.
